Don't forget to order enough storage racks for your dies.
For volume cutting, Ellison offers two multipurpose die-cutting machines: the SuperStar Excel and Prestige Pro. The versatile Excel works with Ellison dies, Sizzix Bigz dies and AllStar dies. The Prestige Pro also works with Ellison dies, AllStar dies and most Bigz dies when used with the Prestige Adapter Pad. The AllStar SuperStar Machine is a more portable and cost-efficient model, compatible with any AllStar die and most Sizzix dies.

SureCut™ die in a Prestige® Pro:
Select a SureCut die and material you want to cut. Place your material and die (rubber side down) onto Cutting Pad and slide into machine. Lower handle to cut. Remove die and material from machine for perfectly cut letters, numbers and shapes.

AllStar®/Bigz™ die in a Prestige Pro:
Select an AllStar or Bigz die and material you want to cut. Place material, die (rubber side down) and Prestige Adapter Pad onto the Cutting Pad. Slide Cutting Pad through so that die is directly under pressure plate. Lower handle to cut. Remove die from machine and your perfectly cut shapes are ready to use!

For longer dies (shown above) multiple cuts will need to be made.

SureCut Die Size Guide

What is a SureCut Die?
Made from genuine birch, each SureCut Die features the finest quality, laser-accurate, steel rule, which is precisely placed in each die block to ensure cutting precision. The rule in the die does the cutting. The rubber around the rule helps to eject the material that has been cut. This results is a perfect die-cut every time.

What Size Fits You?
If you have a question about SureCut die sizes, you’ve come to the right place. Here you can easily reference the right die sizes for your Ellison® machine and ensure 100% compatibility between the machine and dies you purchase.

Design vs. Block
Five types of die blocks are used for the shapes shown in this section, with noted differences between die designs and block sizes.

Choose the Sure Thing
Whether it’s the ABC’s or 1-2-3’s, SureCut Alphabet and Number dies create fast and easy shapes that foster the discovery of spelling, vocabulary, mathematics and much more. They’re available in a variety of styles and sizes to emphasize your many lessons, while meeting important standards and reinforcing your curriculum.

### Special Order Die Program for Discontinued Die Cuts

**Trying to find old classic dies that are no longer available? Is it time to replace some of your old die cuts?**

No problem! Many of our classic retired designs are still available for you to order. Our Special Order Program* includes dies like state die cuts, replacement letters, numbers and symbols, plus so many curriculum die from the past. You can get both SureCut Dies and AllStar/Bigz Dies. Not sure if the die you want is available; give us a call we have a complete list of thousands of die cuts you can order today.

Call us today to get your order started!

877-4 DIE CUTS

877-434-3288

---

*Terms for Special Orders: Special order dies cannot be cancelled or returned. Payment is due at the time of order. Delivery time may take up to 90 day. Please call for more specific details.

When a die retires, in most cases, these dies can still be purchased as special orders. As special order dies are no longer inventoried, they are created at the time of order; they are subject to a price increase.

Our 3 1/2" Alphabets have one character per die, while the 1 1/2" Alphabets feature four characters on a die. When choosing an AllStar Alphabet, consider the scope of your project and the sizing that complements it.

Remember, when selecting Capital & Lowercase Alphabet Sets and Number Sets, choose the same size, as they are proportional.

The Prestige Pro Wins Modern Library Award

The Modern Library Awards has named the Ellison Prestige Pro Machine as its 2015 Platinum Award Winner! Built to last and packed with value, the Prestige Pro cuts curriculum-based shapes to promote literacy, all while making storytelling so fun and memorable, they don't even know they're learning. This superior die cutting machine supports summer library programs by cutting an amazing range of materials for reading related projects such as bookmarks, reading charts, displays and so much more!

SuperStar Excel

An Extra-Wide Roller with Pro Strength

This roller-style shape-cutting machine does it all! SureCut, AllStar, Bigz and Originals dies as well as other brands’ steel-rule dies. It features a 12” wide opening to accommodate even the widest die sizes and multiple dies at once. Plus the industrial-strength Extended Sliding Tray can go a lifetime without replacement.

Looking for your next SuperStar?

The AllStar SuperStar is the winner of the Learning Magazine 2011 Teachers’ Choice Award and Academics’ Choice Awards! Versatile enough to handle all sizes of AllStar Dies - including Long – the SuperStar cuts everything from cardstock to fabric and many things in between.

Xyron Desk-Top EZ Laminator Starter Pack

Xyron in the Classroom

Xyron makes laminating and applying adhesive super easy and fun. Plus, Xyron is safe for use in the classroom. With Xyron, you have many options to choose from; laminate with no heat or electricity, apply adhesive to make a sticker out of anything, or both laminate one side and apply adhesive to the other.

Whether in the classroom, library, or resource room, Xyron provides an environmentally friendly alternative to heat lamination and spray adhesive. Xyron’s cold lamination system does not use heat, emit odor or need electricity, resulting in a faster, cleaner, and safer end-result. Similar to the laminate our edge-to-edge adhesive applications are free from, smelly and sometimes harmful fumes.
