Figure E

1. Die-cut Flower Fold-Up Card from cardstock or other paper.
2. Fold the Card on the black fold lines into the center and release (Figure A).
3. Repeat with gray fold lines (Figure A).
4. Fold each petal (Figure B). Use a valley fold for the center of the petals and a mountain fold for the spaces between the petals (Figure B).
5. Push the triangle areas toward the center and pull all the petals outward (Figure C).
6. Close the Card by folding the petals left over right counter clockwise as shown (Figure D).

12604 Card, Flower Fold-Up
• Die available with perforation or crease rule. • Crease rule dies require Premium Cutting Pad.
