1. Die-cut any XL Pop-Up Card from cardstock or other paper. Fold on all perforated or crease lines to make the tabs pop forward (Figure A).
 2. Use small and tiny decorative die-cuts or stickers to decorate the pop-up tabs (Figure B). Letters and Numbers may also be used from 1 1/4" and 2" Alphabet Sets.
- Glue die-cuts to the tabs, as well as the background area, for terrific three-dimensional effects.
