

REQUIREMENTS:

- Machine with 10" or wider opening

Card, Stand-Up w/Square

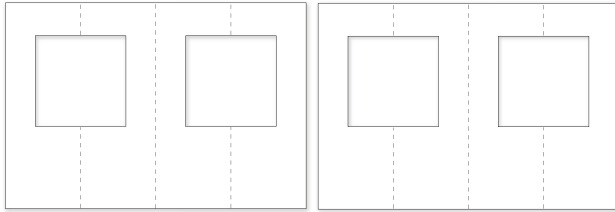

Figure A

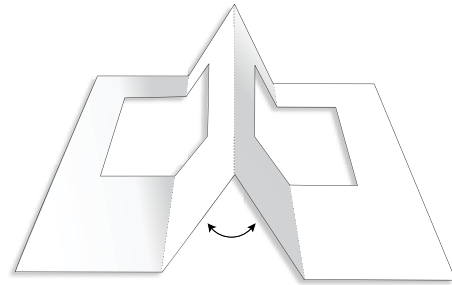

Figure B

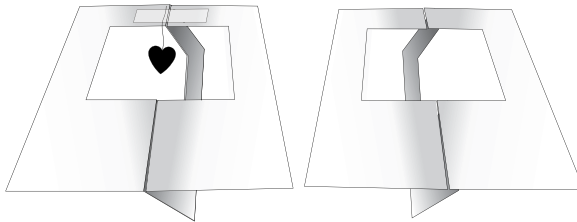

Figure C

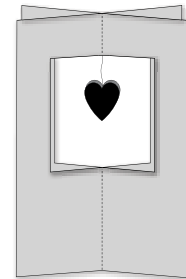

Figure D

1. Die-cut two XL Stand-Up Cards from cardstock or other paper (Figure A).
 2. Fold both Cards, creating a mountain out of the middle fold (Figure B).
 3. Adhere the middle of each Card together with glue or double-sided tape, creating two halves. To dangle an object in the Card opening, sandwich a length of thread between two tiny die-cuts or mirror-image stickers. Attach the thread to the top of one Card half with tape (Figure C).
 4. Join the flat sides of both card halves together with glue or double-sided tape and stand the Card (Figure D).
- Fits in A6 envelope. See Catalog or Ellison.com for complete listing.

17417 Card, Stand-Up w/Square (XL)

- Die available with perforation or crease rule. • Crease rule dies require Premium Cutting Pad.
