

REQUIREMENTS:

- Machine with 10" or wider opening

Card, Star Folded

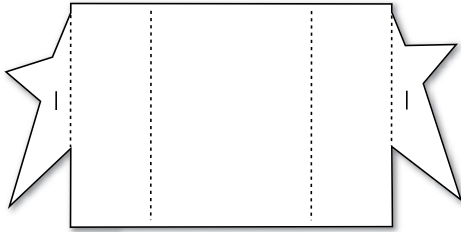

Figure A

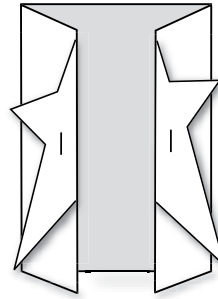

Figure B

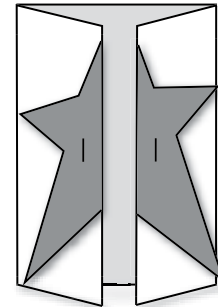

Figure C

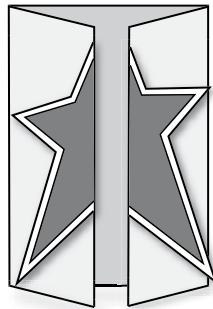

Figure D

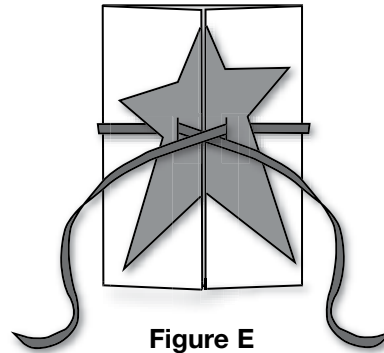

Figure E

1. Die-cut XL Star Folded Card from cardstock or other paper (Figure A).
 2. Fold on all perforated or crease lines (Figure B).
 3. Using contrasting colored paper, die-cut the portions of the Card that include the Star and attach to the Card front, trimming any excess along the perforations (Figure C). The large Primitive Star nests perfectly inside for additional detail (Figure D).
 4. Cut a 28" to 32" length of ribbon, thread through each slit as shown (Figure E) and tie in a bow.
- Fits in A2 envelope. See Catalog or Ellison.com for complete listing.

12742 Card, Star Folded (XL)

14746 Stars, Primitive (LG)

- Die available with perforation or crease rule. • Crease rule dies require Premium Cutting Pad.
